Online exams: Students have been told that all exams will be in person this year. There is a lot of concern around this because some students have never had in person exams due to Covid and feel they will need additional support and advice on how in person exams are conducted, what they should and shouldn't do during in person exams. Hamza advised that all exams are happening in person this year, except with the odd few exceptions. He also advised that the class rep make a list of all the views from the class regarding this and bring it to the attention of your Tutor and Course Co-Ordinator and bring it up at programme committee meeting.

Is there a mature student officer? Why? We operate mature students, mature, international

No sockets in the library? Email the library or bring this issue up with the librarian, they may not be visible to students. Student feels there is an attitude amongst staff with students in library as well as other places within the college. They are not being treated well. Class Rep mention how they had experience of been treated badly from staff.

Class rep from Law, also commented on exams been in person. They are now in final year and have never sat in person exam. They are looking for supports on how to sit and what to expect with in person exams, they want to know and be clear about what they can and can't submit, they feel at a loss and inexperience with regards to attending in person exams. They have flagged this already but have been told that there is nothing that can be done, the students are just looking for extra support and advice on how to sit in person exams. It was advised that you bring this up with course coordinator and also in Programme Committee Meeting
