

EOIN DOWLING

CLUBS AND SOCS

MANIFESTO FOR CLUB AND SOCIETIES

My name is Eoin Dowling I am born and raised in Dublin. I am studying in the computing sector in digital forensics and cybersecurity.

I am running for the position of Clubs and Socs officer in the college. I am currently a member of the DJ society, Pool society and the Hacker society so I feel that I have the knowledge of how a society would operate.

I am running to improve and support and maintain the clubs and societies because they are important to so many student on the Blanchardstown campus because it helps students to connect with other students and its good for the welfare of students.

My aims if elected will be as follows

- I aim to be very active in getting the fan base of all the clubs and society better so more members will join the clubs or societies.
- I aim to try and keep the funding for all clubs and societies that they can continue to run in a stabilized way.
- I aim to find adequate rooms and places for the clubs and societies to have their meetings or practices.

Yours Sincerely,
Eoin Dowling
