

NAME: Eoin Carey

COURSE: Applied Social Care

POSITION CONTESTED: Entertainments Officer.

Hello all! I'm Eoin Carey, and I'm currently in my first year of a social care degree. Outside of college I like to socialize with my pals, listen to music and attend different festivals and gigs. You probably won't recognize me from the poster, but you'll most likely remember me from absolutely winning all messy Monday games or that time I tried to sell Christmas cards on stage.

Firstly, the overall desired outcome of my year as your entertainment officer would be to create better events, with increased engagement.

MONDAY NIGHT CLUB

- As we all know Tallaght has little to no nightclubs, In my time as entertainments officer I would like to establish a Monday night club, in which students attend a nightclub in town one Monday a month, There would be a small fee for this, but the fee would cover transport to and from the venue (ie Tallaght to Town) and would also cover entry to the club. As stated, this would be a monthly thing where tickets are sold, but if enough interest was provided, we could turn this into a more regular service. Overall, I want to improve the nightlife for students in TU Dublin Tallaght Campus, while keeping the usual messy Monday style type weeks.

MORE ON CAMPUS EVENTS

- I would also like to see more on campus events, I will find out what students would like to see on campus, this will allow me to provide students with the events they want to see, The overall goal of this would be to make the in college atmosphere more enjoyable for students on a more regular basis. Feedback from students would be prioritized to create a more student-based approach when it

comes to events. These events could be more ice-cream vans, to more fluffy rabbits in the lobby, everyone loves fluffy rabbits!

MORE EVENTS FOR PART TIME STUDENTS

- I feel as if the part time students, also deserve a say. I will discuss with the part time students on events they want, part time students aren't always able to attend events as there classes are too late and morning events are over, or they're driving so they can't attend messy Monday, I would like to create more events for the part time students, this could be something simple as a tea and talk session in the main foyer, I will make sure part time students are as engaged as fulltime.

ESTABLISHING A STUDENT FRIENDLY TALLAGHT

- I would also like to create a relationship with companies in the local area, and work with them to create affordable student pricing or student discounts, this could provide a larger span of variety when it comes to student lunches, or even student life in general.

PREPLANNED EVENT CALENDER

- Lastly, with the combined help of the SU Team, I would like to create an event calendar during the summer to solidify the event dates in the commencing year, this would give students a chance to be more involved as they are able to budget more around the events, overall in hopes of creating better engagement with the events.

So that's it, Vote Eoin Carey #1 for Entertainments Officer for some major sessions in the following year.
