

Áine Kane

Manifesto – Part Time Communications Officer

TUD Tallaght Campus

2020/2021

About Me

My name is Áine Kane and this year I am running for the part time role of Communications Officer in the Student's Union on Tallaght campus. I am a repeat first year Advertising and Marketing Communications student with a passion for everything communications. During my first year I was heavily involved in student life as I was on the entertainments crew. I participated in events such as the Peter McVerry sleepout, raise the roof – student accommodation crisis rally as well as various mystery tours and freshers week. I also did some photography at the rally and the sleepout which is what initially opened the door to communications for me in the union.

Outside of college I have also been in scouts for the last 12 years. As a scout I have had many opportunities to represent within the association at a local and national level. I have also sat on many teams such as our local communications team and our local scout, venture and rover team which has given me the opportunity to gain experience in event organisation, skill development workshops and working with many different types of people and on many different types of teams which I feel will benefit me if elected.

If elected I hope to achieve a number of things:

Social Media

I aim to contribute to the running of the Facebook and Instagram pages to make sure students are able to access information as easy as possible and keeping it regularly updated. I also hope to make communication between the Student's Union and the students easy and accessible for everyone.

Campaigns & Events

I plan to keep students informed and promote any campaigns being run within the college and I aim to work with the ents officer to promote college events. I also hope to work with the ents officer observe student engagement and become more aware of what students are engaging with and what they are not.

Podcast

I hope to make a podcast with updates 3 or 4 times per semester to show all different perspectives of college life from the staff to the students to the union and bring back past students to talk about their careers and what its like to be in their industry.

Class Reps

I hope to work alongside the education officer to ensure there is support for communication to get from the class reps to classes and visa versa and make sure everyone is represented and has a voice.

I hope you will consider me on the 31st of March and 1st of April 2020 and vote Áine Kane #1 for Communications Officer #Kane4Comms.
