What Will I Do For YOU?

I will do everything I can to make sure you have a great collage experience but here are some examples of what I have planned

I will work on getting this campus the Amber Flag to show that we stand with those battling Mental Health issues

I will help put an end to Period Poverty on campus by making sure our students do not have to choose between buying food or sanitary products

I will run Campaigns with the NLN so our students can learn about the supports that are available to them to help lift another weight off their shoulders

I will run repeat exams Campaigns with the Education Officer and the NLN to help those students who need support with their repeats

I will run harm reduction campaigns and drug usage information sessions on campus to ensure that our students are safe

I will introduce an emergency clothes box on campus so that when a student needs a change that the SU can help them

I will introduce a canned food drop off box so that none of our students will have to worry about going without food

I will ensure that our students are having safe sex by making our condoms and lube more accessible to all our students

I will work on making this campus a greener and more eco friendly campus

I will make sure that all our students are treated equally on this campus and that no one's welfare is at risk
