Key Points Since the Last Meeting
Príomhphointí ón gcruinniú deireanach

Shift Week – I was the lead on this campaign, and I would like to think that it was a success. We had over 40 people in attendance at some of our events/ The purpose of this campaign was to provide accurate and fun education for our students when it comes to having safe and healthy sex. We had amazing talk from Caroline West about safe sex and use of porn as well as an amazing talk about BDSM and how to explore different kins in a safe way.

IBSA - Following on from the national non-consensual leak of pictures of people from through out the country I have been working with the other welfare officers on how to handle the situation following on from our statement to ensure that our students and the staff of the university are given safe help if they are effected by this as well as giving correct information to education people to help prevent this from happening again. We have also been lobbying for effective change inside in the government and for laws to be brought in to ensure this horrible event never happens again.

Issues around Lectures – I have been contacted by several different students regarding issues with online lectures and how they are being ran. This has become a very big priority for me, and I have been working with our students, and some of the staff from the company to ensure that this issue is handled correctly. I have met with the head of school regarding this issue and work will be done to fix it
