*Príomhphointí ón gcruinniú deireanach*

I have been working on sensory room development with the Disability Support services. I have meet with students from the Neurodivergent society to discuss what they would like to see from the sensory rooms as well as from Disability Support.

I have began work on drafting a motion to send to the government against the Disability Allowance Green Paper reform, this will continue over the next few weeks as I get in contact with TDs, ministers and organisations to obtain their support prior to the submission date in December.

I also worked at some of the fresher's week events.
