**Social Justice Week**

I was planned as a support to the Chaplaincy Services and is ongoing.

**Medical Services Access**

This was brought to our attention that Part time students do not have access to TU Dublin medical services I held a meeting with Students Services and the Nursing department, and they explained the students and have not included in this provision because they do not pay student contributions. They also added that even when they tried to offer it under the framework like that of international students, the uptake was very low because most of them are working, and they mostly access such services through their employers.

**Remembrance Day @BST**

The Chaplaincy hosted this, we were invited, and I attended as a representative for the students' body

**Operation Transformation**

Had a meeting with the USI Welfare working Group to see what other colleges are doing for this ahead of the actual activities in January.

**SHAG Week**

This is ongoing and so far, events on Blanch, Grangegorman and Aungier have gone as planned.

**Motions**

I am working on two motions, supporting the Travelers Community and Food-bank.

**Blood donation Drive**

This had stalled because of the HSE Policy to Irish Blood Transfusion Service that they don't go on location for this. However, I had a meeting with the Head of Nursing services, and she promised to investigate the logistics for this and get back with feedback.
