Student Council Motion/Mandate	Falling	Mandated
<p>1. Access Student Information Campaign</p> <p>Student Council Notes:</p> <p>That most students do not know what an access student is or how to appropriately engage with them. An Access Student is a Student that has come into university by HEAR, DARE, and TU Dublin's Access Foundation Programme among other programs. Access Students often feel disjointed by an already elitist nature perpetrated by many third-level institutes.</p> <p>Student Council further Notes:</p> <p>That this feeling of being othered, shamed and stigma could be the turning point for some students dropping out in the earliest part of their college experience due to not feeling included in university life. Many Access Students will never engage with the Access Service and will often hide that they are Access Students due to the stigma. Many Access Students that are open about it are often met with negative, uninformed comments and this can be debilitating to their mental wellbeing.</p> <p>Student Council Mandates:</p> <p>That an information campaign be ran about Access Students to encourage education about Access Students and to promote the acceptance of Access Students in a collaboration between both the Vice-Presidents for Education and Vice-Presidents for Welfare and Equality.</p>	5/5/23	Welfare & Education
<p>2. Period Poverty</p> <p>Council Notes:</p> <p>Students have many other expenses throughout their time in college. It is our feeling that sanitary items should not be an additional expense on students. Through the work of USI on the national front, there is a bill being pushed through the Dáil with the aims of making period products available free across all third-level institutions. This will hopefully come to fruition in the next year which would be a great achievement and massively beneficial to menstruating people.</p> <p>Council further notes:</p> <p>There is no choice in the need for sanitary products and therefore people should not be burdened with additional associated costs. It is our feeling that they should be distributed for free in all sectors similar to the 'Scottish model'.</p> <p>Council Mandates:</p> <p>Should the bill be passed, the VPs For Welfare and Equality ensure relevant TU Dublin Staff, are equipping every bathroom on each campus, with the necessary sanitary items (not just female bathrooms). Also to ensure that if</p>	5/5/23	Welfare

<p>there are items available to suit the needs of all, i.e. to suit different flows and sizes.</p> <p>Council further mandates:</p> <p>That the VPs For Welfare and Equality continue to work with USI to lobby the relevant departments of government and state for the aforementioned bill to be passed without further delays. In the event that the bill falls that the Student Union continue to provide sanitary items free in the various union locations. Further to this to assess the feasibility of having some basic spare clothes available in Student Union offices in case of emergencies that may arise.</p>		
<p>3. Black History Month</p> <p>Student Council Notes:</p> <p>There is a huge lack of participation within student politics for black students. There are currently less than 10 officers across the island of Ireland who are people of colour and that representation matters when it comes to participation.</p> <p>Student Council Further Notes:</p> <p>Black History Month began as a way of remembering important people and events in the history of the African and Carribean diaspora, and is now globally celebrating Black excellence, the importance of remembering, uplifting and empowering an entire group of young activists.</p> <p>Student Council Believes:</p> <p>That the celebration of black excellence, black history, etc, should not be limited to tokenistic representation or events, and that events ran under Black History Month should be led with Black voices with the goal of staying true to the ideals and goals of Black History Month.</p> <p>Student Council Therefore Mandates:</p> <p>TU Dublin SU Executive (or the appropriate officer) to run an extensive Black History Month month campaign which will include speakers, events, data, and showcase Black excellence throughout the month of October.</p> <p>Student Council Further Mandates:</p> <p>TU Dublin Students' Union Executive seek to include the voices of Black students when organizing and brainstorming the event to ensure that students are at the forefront of leading this campaign and officers are facilitating this where intersectionality is also a key focus.</p> <p>Student Council Further Mandates:</p> <p>That Black History Month should not be the only time of the year that Black voices are platformed, and that the work on decolonising education, inclusion</p>	5/5/23	Exec

<p>of Traveller and Roma students in education and community outreach, continue to be done throughout the year.</p>		
<p>4. Establishment of an Independent Student Media Outlet</p> <p>Student Council Notes:</p> <p>Journalism and media play an essential role in maintaining the accountability of organisations; from the Government to the University to the Students' Union, the media act as a key partner in spreading awareness and factual information to the general public.</p> <p>Student Council notes with Concern:</p> <p>The TU Dublin does not have an established site for student journalism to fulfill this valuable role within the organisation. This prevents students from accessing information that should be available to them, in order to keep their University community to account. The Students' Union attempts to fill this role, whoever, a dedicated student-run newspaper or media source is required to fulfill this function.</p> <p>Student Council therefore mandates:</p> <p>The VP for Events and Engagement, to investigate the feasibility of the establishment of a student-run media organisation for TU Dublin. This work should involve researching best practice organisational structures, funding sources and practices in other Higher Education Institutions running these operations. The Vice President should seek involvement from relevant part-time officers in this task also. The Vice President is to form a report on their research and report back to the Student Council by the third meeting of the 2021/22 Academic Year.</p>	<p>5/5/23</p>	<p>Events</p>
<p>5. Motion on Effectiveness of Proctoring</p> <p>Student Council Notes:</p> <p>That all students have been forced to complete assessments, including examinations, online due to the pandemic that the world is facing. Due to these assessments having to take place virtually, the standard invigilation procedures can not take place.</p> <p>Student Council Further Notes:</p> <p>Academic Integrity Procedures must still be followed to ensure that all assessments are taken fairly and that these assessments are an accurate reflection of the work that all students have put in.</p> <p>Student Council Believes:</p> <p>TU Dublin are currently looking into getting online examinations fully proctored through different proctoring softwares like Examity etc. This gives students a</p>	<p>5/5/23</p>	<p>Education</p>

<p>lack of privacy when sitting assessments and may make students feel uncomfortable while sitting their assessments which may inhibit them from progressing their education.</p> <p>Student Council Mandates:</p> <p>The Vice President for Education to investigate proctoring and make sure that there is constant communication with the college and Students' Union to make sure that students privacy and rights are being considered</p>		
<p>6. Officer Network and Archive</p> <p>Student Council Notes:</p> <p>TU Dublin Students' Union has a proud and rich history of student activism, led by many Executive teams over decades. These past officers achieved a lot throughout their terms and passed the baton of student representation to their successors.</p> <p>Student Council also notes:</p> <p>The people who were on previous Executives carry a wealth of knowledge and experience, and this will be lost if they lose contact with the Students' Union and cannot act as mentors to incoming Students' Union officers.</p> <p>Student Council therefore mandates:</p> <p>The Executive to collect and archive contact information on previous sabbatical officers of the three former Students' Unions of IT Tallaght, IT Blanchardstown and DIT as well as TU Dublin Students' Union, with their consent. This is to be kept in the files of the office of the President. The current Executive also should store their contact information to remain contactable for the future team.</p> <p>Student Council also mandates:</p> <p>The President is to contact past sabbatical officers at least once a year to provide key updates relevant to past officers on the developments within the Union, in order to build a stronger network and keep past officers engaged.</p>	5/5/23	President
<p>7. Lobby TU Dublin to Encourage use of pronouns in email signatures</p> <p>Council Notes:</p> <p>TU Dublin SU acknowledge and celebrate all voices and experiences across our union. An easy way to normalise the use of pronouns is to include them in your email signature. TU Dublin SU are aware that having pronouns in an email signature signals you as an LGBTQIA+ ally.</p> <p>Council further notes:</p>	5/5/23	Welfare

<p>Some peoples pronouns are extremely important to them and their gender identity, the use of the wrong pronoun can be very distressing, even if it was accidental. It can be equally distressing for individuals to feel they only are having to identify their pronouns as they may feel this singles them out. By including pronouns in email signatures it 'normalises' their use. We believe that if TU Dublin staff implement pronouns into their signatures, this would aid in the destigmatising of correct pronoun use and lend to a more inclusive accepting environment throughout the TU.</p> <p>Council therefore mandates:</p> <p>The VP's Welfare & Equality to lobby TU Dublin to encourage the use of pronouns in emails by all staff. This work may include but not be limited to drafting an email that can be sent to all staff on behalf of the Student Union explaining why pronouns are important and asking staff to add pronouns to their signature.</p>		
<p>8. Running of In person and online exams during Covid-19</p> <p>Student Council Notes:</p> <p>That teaching and learning has been severely impacted by remote learning, and that students undertaking exams face a number of practical difficulties i.e. poor internet, access to a laptop/PC, and difficulty engaging with online lectures etc... Due to these negative impacts on learning, students sitting in person exams would not be as well prepared as in previous years. There is no best practice in place concerning the running of online exams. Several lecturers are of the opinion that just because the lectures are online that exams do not necessarily have to be online. In the unlikely event that the HSE should increase the vaccine rollout to the point that it is possible to return to college in May, students may be asked to present in person to complete an invigilated examination.</p> <p>Student Council Further Notes:</p> <p>That it is only fair and consistent for the end of semester exams to be online, if appropriate, if all or part of a college semester is online, to mitigate the already turbulent nature of an online semester. Preparing for written components of modules (exams) in an online environment cannot be equated to an in-person environment. In the unlikely event that exams are scheduled to be in person, yet the college semester is online, and due to the aforementioned negative impacts of remote learning, sitting in person exams would be grossly unfair as students would not have had the equivalent learning experience.</p> <p>Student Council therefore Mandates:</p> <p>That the VPs for Education lobby Academic Council for a clear decision on the format of assessments for the summer assessment period as soon as possible, in order to bring certainty to the student body so they can prepare for the assessment that has been set.</p>	24/2/23	Education

<p>Student Council also Mandates:</p> <p>That these officers also state the case for holding assessments (where suitable) online, as the entire semester is likely to be held online.</p>		
<p>9. Lobbying Against CETA</p> <p>Student Council Notes: CETA is the Comprehensive Economic & Trade Agreement that would set up an investor court system between the European Union and Canada within Ireland. This would allow businesses to take legal action against the state for punitive damages based on loss of revenue based on Social Policy passed by the government.</p> <p>Student Council Notes with Immediate Concern: The ratification and full implementation of the CETA deal, will not only set back eco-activism approximately 35 years, but it will also have dire ramifications on the Direct Provision process being ended, a commitment made in the Program for Government.</p> <p>Student Council Believes: The ratification of CETA will have permanent damage to social change within both Ireland and the European Union. CETA has the ability to push back many plans for Climate and Social action over the coming years, in the best interests of society, CETA cannot be ratified by the Irish Government.</p> <p>Student Council Therefore Mandates: The Student's Union to take an active stance against CETA, the Vice-Presidents for Welfare and Equality to lobby relevant Ministers and Departments for the repealing of CETA and to actively campaign against its implementation. TU Dublin Students' Union will also work alongside USI to achieve this goal, if not being done at a national level.</p>	24/2/23	Welfare
<p>10. Constitutional Working Group</p> <p>Student Council notes: A Constitutional Working Group, established since January 2021 by the Student Council, has been working towards holding a Constitutional Referendum in Semester 2 of 2021. This Referendum has now been postponed.</p> <p>Student Council also notes: The Terms of Reference of the Working Group, whose remit includes submitting recommendations of minor Constitutional Amendments and a new Representative Structure for a Referendum for the Student Body.</p>	24/2/23	Exec

<p>Student Council mandates: That the Working Group continues its work in gathering and analysing student feedback on the officer structure and proposing minor Constitutional amendments. The Working Group is to consider all feedback received by the Executive from the student body on this new structure and present its recommendations to the Student Council via a motion for a Referendum.</p> <p>Student Council also mandates: The Working Group to submit the motion for a Constitutional Referendum to the Student Council no later than the final meeting of the Student Council in semester one of the 2021/22 Academic Year.</p>		
<p>11. De-platforming & Rejecting Fascism</p> <p>Student Council Notes: Fascism is a form of far-right authoritarian ultranationalism characterised by dictatorial power, forcible suppression of opposition, and strong regimentation of society and of the economy. Student Council Believes: That no student or citizen should live in fear and that freedom of expression is a core fundamental right of all citizens, does not morally permit somebody to actively oppress another.</p> <p>Student Council Believes: That TU Dublin Students' Union must fight for freedom for all students, meaning de-platforming harmful, oppressive, forceful, and/or violent acts that may hurt, intimidate, or actively oppress students. Affording racists and fascists a platform helps them in their search for credibility to promote their message of hate, which in turn can lead to violence against those that they target.</p> <p>Student Council Therefore Mandates: That TU Dublin Students' Union Executive actively de-platforms and challenges the rise of fascism and to engage in the rejection of this, whilst acknowledging differences on the political spectrum through supporting USI's Le Chéile campaign and other methods.</p> <p>Student Council Further Mandates: That TU Dublin Students' Union to reject any forms of fascism and counter-protest in a situation where fascism in any form arrives at any campus of TU Dublin through peaceful means, where it is safe, as directed by the executive and/or council's direction.</p>	10/12/22	Exec
<p>12. Comprehensive Student Council Handbook</p> <p>Student Council Notes: That the current student council handbook available online is outdated and lacking in certain relevant points of information.</p>	10/12/22	Deputy

<p>Student Council Further Notes: That the current student handbook available on the TUDSU website has many issues, including but not limited to: 1) Having 'DIT' written everywhere 2) Having presumably unused topics such as 'college fora' present 3) Having outdated information regarding motion writing 4) Lacking information/clear instructions regarding how to carry out council actions such as discussing motions that were never completed, removing motions from the motions manual and altering motions that have already been passed.</p> <p>Student Council Acknowledges: That the workings of student council can be difficult to understand, even for experienced councillors.</p> <p>Student Council therefore Mandates: That the Deputy Presidents (or relevant officers) from each campus create an updated version of the student council handbook, rectifying all of the issues mentioned above where possible.</p> <p>Student Council Further Mandates: That the updated student council handbook replaces the previous version online, be circulated to all elected members of council, and that all sabbaticals be knowledgeable of its contents. This should be completed by the first council of the second semester.</p>		
<p>13. The Abolishment of Discriminatory Blood Donation Deferral Period</p> <p>Student Council notes: The Irish Blood Transfusion Service (IBTS) needs 3,000 donations a week to supply 71 hospitals nationwide. Regular blood donations by a sufficient number of healthy people are needed to ensure that a supply of blood will be available whenever and wherever it is needed.</p> <p>Student Council Acknowledges: The testing conducted on blood donations is an RNA test with a window of 10 days, in contrast to antigen tests which would be longer. This, combined with individualised risk assessment, ensures the safety of all donations for recipients.</p> <p>Student Council Further Notes: The lifetime ban on gay men donating blood to the Irish Blood Transfusion Service (IBTS) was lifted in January 2017 and replaced with a 12 month abstinence deferral period which means that Gay and Bisexual Men and other Men who have had sex with Men within the preceding 12 months are still prevented from donating blood even if they meet all other blood donor selection criteria.</p> <p>Student Council Believes: Eligibility decided on sexual orientation is extremely discriminatory and no one should be prevented from donating blood based on their sexuality. Testing of donations and individualised risk assessment, well established as sufficient to ensure safety from heterosexual donors, should be applied across the board.</p>	10/12/22	Welfare

<p>Student Council Therefore Mandates: The VP's for Welfare and Equality to also run an information campaign around the ban. Also, the VPs for Welfare to campaign with USI for the abolishment of this deferral period to ensure that everyone who meets best practise eligibility criteria will be eligible to donate blood in Ireland.</p>		
<p>14. Student Isolation during Covid-19 Pandemic</p> <p>Student Council Notes:</p> <p>That a large volume of students in first year are reporting difficulty getting to know other students in their course due to the challenges of online learning this year.</p> <p>Student Council Further Notes:</p> <p>That feelings of isolation and loneliness can contribute to poor mental health and contribute to student drop-out rates in university.</p> <p>Student Council therefore Mandates:</p> <p>That the VP's for education in each campus lobby academic council regarding the possibility of lecturer/tutor-organised ice-breaker sessions for first year students this year. These brief-sessions could be integrated into lecturing hours (e.g. immediately after finishing a lecture) and lecturers/tutors could encourage students to exchange social media information, set up group-chats, as well as join student union and society pages.</p> <p>Student Council further Mandates:</p> <p>That the VP's for Education in each campus work with College officers and school reps to conduct a survey(s) regarding these issues in order to 1) get feedback on what first years would like and 2) to gauge success of these measures. These sessions and survey(s) should be distributed at class rep meetings where relevant and completed by the second student council of the second semester.</p>	10/12/22	Education
<p>15. Lecture Recording During Pandemic</p> <p>Student Council Notes:</p> <p>That lecturers are not required to record any of their lectures during the pandemic.</p> <p>Student Council Further Notes:</p> <p>That many students face significant difficulties associated with virtual learning this year due to lecturers refusing to record sessions; students such as those that are hard of hearing, that are working significant hours, that have poor internet connections.</p>	10/12/22	Education

<p>Student Council Regrets:</p> <p>That refusing to record lectures is therefore disadvantaging students that are already disadvantaged in other ways; students with disabilities and students from low income areas.</p> <p>Student Council Also Regrets:</p> <p>That students are already facing immense difficulties this year during a pandemic, without lecturers making access to education even more challenging.</p> <p>Student Council therefore Mandates:</p> <p>That the VP for Educations lobby academic council to make lecturers away of the benefits of recording lectures, the injustice of not recording lectures, and support policies that encourage lecturers to comply with these requests during the ongoing pandemic. Updates should be given by the second council of the second semester this year.</p> <p>Student Council therefore Repeals Motion:</p> <p>“Lecture Recording and Lecture Capture Technology”</p>		
<p>16. T Fund</p> <p>Student Council notes:</p> <p>That according to TENI, 78% of trans people in the UK and Ireland have thought about ending their lives and 40% have attempted suicide. For many people, beginning and continuing social transition brings significant relief. College is filled with financial stresses and for many transgender students, name changes and other transition expenses are not an option, even though they are life-saving. Social transitioning is the social portion of a transition, in which a transgender person makes others aware of their gender identity. Some parts of social transition can include: Telling people about your gender identity, changing name/gender (if applicable), getting clothes that allow them to express themselves etc.</p> <p>Student Council commends:</p> <p>The work of other Students’ Unions such as NUIGSU and DCUSU for the introduction of the ‘T fund’ for social transition, aiding students financially with elements of social transition which may include gender affirming items, such as makeup, and dysphoria relieving items like chest binders.</p> <p>Student Council mandates:</p> <p>The VP for Welfares to look into the feasibility of creating a fund in conjunction with the Equality and Diversity and Inclusion office within TU Dublin, for Trans*, Non-Binary and Gender Non-Conforming students</p>	<p>12/11/22</p>	<p>Welfare</p>

<p>17. <u>Support for Dying with Dignity</u></p> <p>Student Council Notes: Dying with Dignity is a term used to describe the end-of-life care to a patient, often diagnosed with a terminal illness, that includes for that patient to have the freedom to choose their end-of-life care, including how they will die.</p> <p>Student Council Believes: That no decision around this will ever be taken lightly and current legislation proposed is still restrictive, and that autonomy over one’s life is but a small act of kindness and Council further believes in the freedom of all qualified terminally ill people living in Ireland to make their own end-of-life care decisions, including how they die.</p> <p>Student Council Believes: That end-of-life care is a critical choice that should be made in primary consultation with those, and that illness can affect anyone, including students.</p> <p>Student Council Therefore Mandates: That the Students’ Union supports the Dying with Dignity legislation coming through the Dáil.</p> <p>Student Council Further Mandates: That the Students’ Union lobbies for the freedom of choice for people to pursue the end-of-life care without inhibition, discrimination, or judgement in a manner in a way in which they so please where there are appropriate grounds.</p>	<p>12/11/22</p>	<p>President</p>
<p>18. <u>Protection of Student Spaces in Bradoque</u></p> <p>Student Council Notes:</p> <p>That in recent meetings & communications with Campus Life and Campus Planning it has been indicated to the Student Union and City Campus Society Executive that spaces in Bradoque such as the common room, Society committee room, meeting rooms and dance studio will be removed or reduced in size. These spaces will then potentially be used to house an AIB Branch, Shop and Quiet space/Prayer room.</p> <p>Student Council Further Notes:</p> <p>That Bradoque was primarily funded by money from the Student Development Fund (SDF). Almost 2 million Euro of Student Money was spent renovating and fitting out Bradoque with minimal contribution by DIT. Furthermore, none of the money AIB paid for the franchise has been put toward the SDF.</p>	<p>11/3/22</p>	<p>President</p>

<p>Student Council Recognises:</p> <p>That the services proposed to be housed in Bradogue are valuable for students however they are not a replacement for and should not infringe on existing Student Spaces which are already extremely limited on Grangegorman and do not meet the requirements of the student body. Commercial Entities should be housed outside of Student Spaces and the Student Union Opposes any reduction in Student Facilities on Grangegorman.</p> <p>Student Council Therefore Mandates:</p> <p>The President & Deputy President for City Campus in conjunction with the Executive actively campaign to retain all current student spaces in Bradogue. This includes working with the City Campus Societies Executive to initiate direct radical action if necessary.</p>		
<p>19. <u>Removal of RAG Charity Policy</u></p> <p>Student Council Recognises:</p> <p>That we're currently fundraising on behalf of three RAG Charities; Peter McVerry Trust, BelongTo and Jigsaw</p> <p>Student Council further Notes: The greater effects of raising money for one charity rather than splitting up money for three.</p> <p>Student Council therefore Removes: TU Dublin SU RAG Charity policy</p>	11/3/22	Education
<p>20. <u>Lab Manuals-11th March 2020</u></p> <p>Student Council Notes:</p> <p>That many lab demonstrators in Kevin Street are forcibly binding lab manuals and requiring students to pay approximately 15 euro for these bound versions.</p> <p>Student Council Further Notes:</p> <p>That many students cannot afford 15 euro for bounded lab manuals that they could have printed off themselves at a far lower cost.</p> <p>Student Council Mandates:</p> <p>That the VP's for welfare and education liaise with the relevant academic staff/bodies to negotiate the possibility of students being able to use unbound,</p>	11/3/22	Education

<p>free lab manuals that they can print off themselves, and not forcing students to pay 15 euro for bound versions.</p>		
<p>21. <u>Student Safety Committee</u></p> <p>Student Council Notes: That there has been an increase in antisocial behaviour across Dublin. This affects the local communities where increased antisocial behaviour has a knock on effect to the campuses and students/staff who work there.</p> <p>Student Council Notes: There's reporting structures within each of the relevant campuses, however, not many of these are student led nor have gathered data for shaping campaigns.</p> <p>Student Council Notes: There is a need for students to be aware of incidents that are happening on their campuses as the University often tries best to protect themselves against negative PR.</p> <p>Student Council therefore mandates: The Deputy Presidents or relevant officers to set up a Student Safety Committee, which should at all efforts expended include relevant staff and the community guard, which should feed into gathering data to shape campaigns and lobbying efforts for the safety of the students.</p> <p>Student Council further mandates: That the working group have common similarities among the Terms of Reference, which should be produced between the Deputies and President and adapted based on campus needs.</p>	18/2/22	President
<p>22. <u>VOTE Yes Referendum Campaign</u></p> <p>Student Council notes: The motion to amend the Constitution passed at its meeting on 29th January, which means a referendum asking the student body to vote will take place on 19th and 20th February.</p> <p>Student Council further notes: The importance of this referendum passing so that the Union establishes a legal entity to manage the funds of the Union to provide services and change the College Officer roles to reflect the move to Grangegorman.</p>	18/2/22	President

<p>Student Council recognises:</p> <p>The work of the Constitutional Working Group and the Executive to bring forward these amendments so that the Union continues to improve and represent all students of TU Dublin.</p> <p>Student Council therefore mandates:</p> <p>The President and all the officers to support and campaign for a Yes vote in this referendum held on 19th and 20th February.</p>		
<p>23. <u>Amendment of the Constitution - 29th January 2020</u></p> <p>Student Council notes:</p> <p>The establishment of the Constitutional Working Group to recommend amendments to the Constitution.</p> <p>Student Council further notes:</p> <p>That the Working Group had to review the role of the College Officer in light of the Grangegorman development that would affect the composition of part-time officers in the City Campus and other amendments to the Constitution.</p> <p>Student Council therefore amends:</p> <p>The current Constitution, which shall be replaced by the amendments listed below. This new Constitution shall come into immediate effect after it passes in the referendum scheduled for 19th and 20th February 2020.</p>	29/1/22	Exec
<p>24. <u>Fairtrade Motion - 29th January 2020</u></p> <p>Student council notes:</p> <p>TUDublin, as an important consumer and opinion leader, should research, develop, and support a strategy to facilitate the promotion and purchase of foods with the FAIRTRADE Mark in pursuit of sustainable development and to give marginalised producers a fair deal.</p> <p>The Student Council Supports:</p> <p>the wider community as a University that actively supports and promotes Fairtrade and to increase the sale of products with the FAIRTRADE Mark.</p>	29/1/22	Welfare

<p>The Union resolves to contribute to the campaign to increase sales of products with the FAIRTRADE Mark by striving to achieve Fairtrade status for TUDublin as detailed in Fairtrade Mark Ireland's Campaigns Initiative.</p> <p>Student council therefore mandates:</p> <p>The VPs Of Welfare and Equality to work with the college to,</p> <p>Widely offer FAIRTRADE Marked food and drink options internally and make them available for internal meetings.</p> <p>Promote the FAIRTRADE Mark using Fairtrade Mark Ireland's materials in refreshment areas and promoting the Fairtrade Towns initiative in internal and communications and external newsletters.</p> <p>Assist in the organising of events and publicity during national Fairtrade Fortnight - the annual national campaign to promote sales of products with the FAIRTRADE Mark.</p>		
<p>25. <u>Support the Four Day Week Campaign</u></p> <p>Student Council Notes: Through the work of Trade Unions and collective bargaining, working hours have been greatly reduced from 60 to an average of 30 hours a week, and a 2 day weekend was introduced.</p> <p>Student Council Notes: Technological advances have greatly increased the productivity of the Irish economy; however, the benefits have not yet reached workers who continue to work five days a week on average.</p> <p>Student Council Notes: A four day working week and a three day weekend has shown to greatly increase the happiness of workers, and productivity is not affected¹. Workers can spend time with their families and on leisure activities, contributing to their health and their community. It could also help the environment, with a reduction in commuting. The four day work week would also benefit students as many students must work to pay for their studies. Students and workers are not two distinct groups; all citizens should campaign to ensure working conditions are suitable for all who wish to work.</p> <p>Student Council therefore mandates: The Student Union Executive to support the Four Day Week Ireland coalition of businesses, unions, environmentalists, academics and NGOs campaigning for a four day working week with no reduction in pay. The Executive should promote the benefits of the four day week, and encourage students of TU Dublin to get involved in the campaign. It is noted that</p>	29/1/22	President

Student Union officers will not consider reducing their working week until the standard public service week is reduced.
